**CONTRACT TYPE:** This proposal will result in an Indefinite Quantity Contract (IQC) for a base period of two years and three (3) one-year options.

**GUARANTEED MINIMUM & MAXIMUM: Base period:** The guaranteed minimum quantities are defined in SCHEDULE B of this solicitation. The government will buy the guaranteed minimum quantity for every NSN for the base period only. The maximum that the government may buy is 300% of the guaranteed minimum quantities. **Option periods:** The guaranteed minimum is 50% of the total dollar value of the base year guaranteed minimum. Any combination of National Stock Numbers (NSNs) (not necessarily every NSN) will be purchased to meet this dollar value. The maximum is 150% of the total dollar value of the base year guaranteed minimum.

**PROPOSAL PRICING:** Proposal Pricing is requested for the two year base and three option years. Any combination of NSNs may be proposed. There is no requirement to price every NSN. Each year should contain a **separate price for stock delivery** (required delivery days are in the last column under RDD, and vary per NSN), **and for Direct Vendor Deliveries (DVD)**. A total of 10 prices should be input. If DVD pricing can not be supplied, please annotate on the proposal. In addition, if Surge Quantities are indicated, five additional surge prices are needed for the base and four option years. Price the Surge NSNs as a stand-alone requirement (exclusive of any base or option period quantities) using the Surge Quantity Column. Surge pricing is not optional. See additional comments regarding Surge below.

For each NSN offered, insert the unit price for the stock delivery in the upper half of the column. Insert the DVD unit price in the lower half of the column for every NSN offered. Pricing must be proposed for the base period and each option period. Price NSNs using FOB destination (CONUS ONLY) with inspection/acceptance occurring at either origin or destination. Propose with validity of 120 days after due date.

**PAPERLESS ORDER PLACEMENT SYSTEM (POPS):** The government intends for awardees to use an electronic, paperless ordering system. See Applicable Clauses. If you do not intend to participate, this notification must be clearly stated.

**FAST PAYMENT PROCEDURE:** Fast Payment shall pertain only to orders placed through the Paperless Order Placement System (POPS).

**DELIVERY ORDERS (MINIMUM AND MAXIMUM):** Reference Section I, Clause 52.216-19 (I67). The Government intends to issue a Delivery Order for the stock purchase of the guaranteed minimum quantity within six months after contract award. Subsequent Delivery Orders shall be processed using Direct Vendor Delivery. The minimum order quantity of the subsequent delivery orders is 1 each. The maximum order quantity of the subsequent delivery orders is a dollar value of \$25,000.

**REQUIRED DELIVERY DATE (RDD)/FOB:** The RDD for stock deliveries is specified in SCHEDULE B. The days are specified in terms of After Receipt of Order (ARO). Phased delivery is acceptable; however, shipment must be made no later than the specified Required Delivery Date (RDD) for that NSN. If you can not meet the RDD, this notification must be clearly stated on each line item. For DVD orders, the RDD is 15 days ARO. **FOB DESTINATION IS REQUESTED FOR BOTH STOCK AND DVD ORDERS. Deliveries are for CONUS only. Stock shipments shall apply to any DLA stock location in the continental United States. DVD shipments apply to any Army, Navy, Marine Corp, Air Force, Coast Guard or federal agency/entity within the continental United States.**

**SHELF LIFE REQUIREMENTS:** A 120-month shelf-life requirement applies to PRLI 0017. An 84-month shelf-life requirement applies to PRLI 0030. Reference Section F, Clause 52.211-16 (F2).

**CONFIGURATION CONTROL:** Configuration Control applies to PRLI 0131. Reference Clause I237G, FAR 246-9G36.

**RIGHTS GUARD:** Rights Guard applies to PRLI 0115. Reference Clause B47.

**EXPORT CONTROL:** Export Control applies to the following PR Line Items: 0009, 0012, 0015, 0016, 0019, 0025, 0027, 0032, 0033, 0034, 0038, 0040, 0044, 0049, 0056, 0057, 0062, 0067, 0068, 0081, 0082, 0083, 0084, 0088, 0093, 0097, 0099, 0102, 0110, 0111, 0112, 0113, 0114, 0115, 0126, 0130, 0141, 0142, 0147. Reference Clause L8A, FAR 209-9G08.

**INSPECTION/ACCEPTANCE:** SCHEDULE B contains table references to Inspection/Acceptance points. NOTE: For all NSNs presently identified as origin inspection, the Quality Assurance Provision (QAP) identified in Schedule B shall be utilized for the initial Stock Delivery Order on **every NSN**. Subsequent Delivery Orders for these NSNs shall convert to inspection/acceptance at destination using QAP 021. Table references are defined as follows:
